INTRODUCTION

We are pleased to offer the Recorded Early Births of Reno County, Kansas covering the years, 1890 - 1911. It is our way of helping those researching in Reno County. These records were abstracted from microfilm located in the Hutchinson Public Library. Some of the handwriting is difficult to read. The typist used the Marriage Book of Reno County plus other sources to help decipher the names which were difficult to read. In doing research we have found there were many births that were not recorded.
