PRESIDENT'S

MESSAGE

Hello Friends, this will be my last president's message. I have really enjoyed being the Society's president, and I know that I have learned and grown from this experience. Our society now has over 100 members and several on going projects. We will soon begin our 15th year and I believe that we can all be proud of our accomplishments.

I would like to thank everyone who has helped me these past three years. Without the suggestions and advisement from you, I would have had a very hard time the first year. Also, I appreciate the fact that we could share the laughter. For those of you, who never had been to an executive meeting with me, I can tell you that "parliamentarian law" and I never quite saw "eye to eye". That is one part of being president that I won't miss at all.

It is my wish that everyone has good luck in their research. And, that you enjoy the hobby as much as I do.

President, Karen Poulton Burgess

Singing school is still in progress, Prof. Hoagland seems determined to show our citizens that the young folks have music in their souls that may be transferred to their heads.
