**RENO COUNTY GENEALOGICAL
SOCIETY**

The Reno County Genealogical Society of Hutchinson, Kansas was founded in 1978 for the purpose of fostering genealogical research, promoting the exchange of information and encouraging the deposit of genealogical and historical materials in established libraries and archives.

Membership in the Reno County Genealogical Society is open to anyone interested in genealogy. Dues are \$10.00 per year per family, as of 1 April of the current year to 31 March of the following year. **(If the motion to revise the by-laws of the Society, is passed by a two-thirds majority of the members present at the November meeting, the above will read as of 1 January to the 31 December of each year.)**

Meetings are held on the third Monday of each month (except December) in the auditorium of the Hutchinson Public Library, Ninth and Main, 7-9 p.m.

**RCGS MEETINGS WILL BE
HELD IN THE KANSAS ROOM
UNTIL FURTHER NOTICE**

THE SUNFLOWER is the official publication of The Reno County Genealogical Society, a not-for-profit tax exempt organization. **THE SUNFLOWER** is issued in May, August, November and February.

Articles for publication may be sent to P. O. Box 5, Hutchinson, KS 67504-0005. All materials for publication are subject to editing. The Reno County Genealogical Society and THE SUNFLOWER Editor will not be responsible for errors in this issue. Corrections of proven errors will be published. Deadline dates are the 15th of the month prior to publication.

EVENTS OF THE KANSAS COUNCIL OF GENEALOGICAL SOCIETIES

1998 - June 12 & 13. Annual Conference of the Kansas Council of Genealogical Societies in Wichita, KS. Featured speakers, Jim & Paula Warren.

RENO COUNTY GENEALOGICAL SOCIETY**PRESIDENT'S MESSAGE**

Well where has this summer gone? I don't know about others, but for me it's been a short and busy summer with not much accomplished, as I have had to put my genealogy on hold.

Hope all of you have had trips and vacations to enrich your genealogy work, so that you can come and share your findings with us.

It's always interesting to hear who others have found and how they did it.

As you know, we always need suggestions for program ideas, speakers and just plain talkers.

As the fall season will soon be on us let's all try for a bigger and better turnout for our meetings.

B. Hobbick

RCGS MEETINGS WILL BE HELD IN THE KANSAS ROOM UNTIL FURTHER NOTICE THERE IS NO DECEMBER MEETING**COMBINED ISSUE OF THE SUNFLOWER**

This issue of *The Sunflower* combines the 2nd, 3rd, and 4th issues of Volume XVIII. I am trying to include about the same number of pages that you would have received in the separate issues.

GENEALOGY WORKSHOP

Arless Eilerts will hold two genealogy classes at the Hutchinson Community College after the 1st of February. The class on genealogy which will also include the use of the internet will be held on Thursday evenings and the writing class will be held Wednesday evenings. Watch for the time and place announcements in *The Hutchinson News*.

MEMBERSHIP

The Reno County Genealogical Society has a total of 119 family memberships. The list of members is included in this issue.

I would like to encourage the members to become involved in the activities of the society. The society has many projects that are in progress.

- * Obituary File Index
- * Reno County Teachers
- * Homestead and Early Land Records

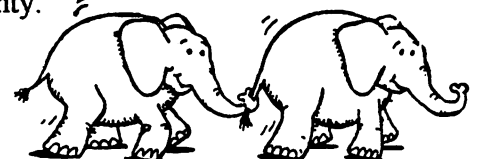

Do you have some time that you could donate so that these projects could be completed?

Obituary File Index: Proofreaders, computer workers, and finally seeing that the Index is printed. Most of the work can be done in the Kansas Room of the Hutchinson Public Library.
Reno County Teachers: Oversee this project and take it to the printers.

Homestead and Early Land Records: Check on the progress of this project and take it to the printers.

Actually, the Society needs a chairman in charge of all of publishing projects. Would you volunteer?

If someone you know has an interest in genealogy, please make an effort to invite that person or persons to a meeting or why not bring them with you to the next meeting. We need more members. They do not have to live in Reno County.

GOOD IDEA — Tip of the Month

Can't find great-grandpa Sylvester's birthplace? Don't even know exactly when he was born? It's a problem. The 1900 census says one thing, the 1910 records say something else. Well, if he was a citizen, he would want to vote, and if he voted, he had to register.

Voter registration cards are available for the 19th and 20th centuries in many courthouses. The registrant had to give his birth date and the place that he was born. The election commissioners wanted to be sure he was 21 and born in this country. Or, if he was not born in this country, when and where he became naturalized. The immigrant had to give the date and location of that event, and the name of the court that authorized his citizenship. The card will also show his signature. Records are filed alphabetically or by wards.

Have the home address available if possible when you call the appropriate courthouse. A phone call could save time and expense in finding this information. Don't expect to find a widowed great-grandmother this way. Women couldn't vote until 1920. Source: St. Louis Gen Soc. March 1996.

INTERNATIONAL MAILINGS

The German Post Office's recent change in its way of handling IRCs [International Reply Coupon] is impacting genealogists greatly. The new regulations mean that only one IRC can be accepted for any letter or package, and any postal charges in excess of the value of the IRC must be paid in cash. One IRC equals 3 DM (Deutsche marks) of postage, which will cover the cost of sending about one sheet of paper and the envelope. Germans can no longer

turn IRCs in for cash. If you request information from Germany, be sure to send along enough funds to cover the return mailing expense. The easiest and least expensive way to deal with the foreign money exchange problem is to use the services of **Ruesch International Monetary Services 1-800-424-2923**. This agency will exchange your personal check in U.S. dollars, drawn on a U.S. bank, for a check made out to the payee of your choice in the currency of any country plus a service fee of \$3.00. Upon receipt of your personal check, the bank draft will be mailed to you.

As of 15 February 1997, the rate of exchange is £1 = \$1.63. Ruesch also has an office in London.

NEWS FROM THE HUTCHINSON FAMILY HISTORY CENTER

Family History Center Updates

An update for the Social Security Death Index and the Family History Library Catalog have just been received and installed on the computer.

Personal Ancestral File 3.0

The Personal Ancestral File 3.0 software is available from Salt Lake City for \$15.00. This price is the same whether you have used PAF before or are a first time purchaser.

Version 3.0 is very different from the old versions. The Research Data Filer has been replaced by a section called "Sources". Sources will enable you to type in the information about the source you are using whether it is a book, magazine, microform (film or fiche), or other source just once and then refer to it many times.

The "Notes" section is still available and should be used for focus reports and biographical information. Because the lines in notes have been changed from 79 to 77 characters in length, it is suggested that the freeware program GED-WRAP be used.

See: PAF Users Unlimited, Spring Quarter 1997 by

PAF

The Family History Department has sent a PAF-Software Maintenance Release (Version 3.0M) to Registered Owners and User Groups of PAF 3.0. It addresses problems identified in version 3.0 since its release in May 1997. It also includes some new functions and the date and relationship calculators, two popular functions in release 2.31 were restored.

New Home Computer Product

The Family History Department is releasing a new Windows product, Personal Ancestral File Companion. This software is designed to help the home user print quality genealogy charts and reports. Personal Ancestral File Companion will be used with Personal Ancestral File 3.0 and a Windows-supported printer. It has an easy-to-use Windows interface and will be available for \$10 through the Salt Lake Distribution Center some time in October 1997.

DOCUMENTATION

From the Editor:

I have tried to stress the importance of documentation whenever I have given a workshop, worked at the Hutchinson Family History Center, or wrote the guidelines for the Family History/Genealogy Awards program sponsored by the Kansas Council of Genealogical Societies. I believe the following book review that I found in another publication is an example of what I am trying to prevent. I left out the name of the family on purpose.

BOOK REVIEW

The author states in her preface and introduction that she intended her book to be a "readable and as factual as possible a story with documentation and notes kept to a minimum." Although there is a two-part bibliography and a list of where she did her research, where she found what is not made clear. There is no name or place index. As with any writing that has not been properly documented, its validity has to be questioned.

This reviewer found the book to be boring and long-winded, as well as confusing as to which generation was being discussed. Proper documentation

and a more accepted numerical system would have improved its research value. However, someone researching the "—" line might find it much more interesting. Even though the information presented would have to be researched all over again to verify its accuracy, it would give the reader a place to start.

BUFFALO SOLDIERS

Native Americans named the African American soldiers of the plains Buffalo Soldiers in honor of their fighting spirit. The soldiers accepted this as a term of respect and honor.

Now the Buffalo Soldiers Historical Society has requested help in discovering information about any descendants of Buffalo Soldiers. If you have any knowledge of such descendants, please contact Buffalo Soldiers Historical Society, P O Box 39383, St. Louis MO 63139.

FALL FASHION COLORS FOR 1909

Among the colors particularly favored are mogel or wool color, bois jeli, a brownish rose, pervenche, soft bluish violet, which is one of the most attractive colors put upon the market in recent years. Cravier is pretty; it is the tint of a gray pebble. Other colors are a yellowish green privet, treone, raspberry red, deep red and seal brown. Blue, it is predicted will be the ruling color in the early fall. It was heralded by the fashion writer of the Grand Prix as the favorite and seems to be growing in popularity. It would seem that there must be a touch of black upon every costume.

RENO COUNTY GENEALOGICAL SOCIETY BY-LAW CHANGES

Several months ago, a committee was appointed by Barbara Hobbick, president of the Reno County Genealogical Society to amend the by-laws of the society.

Don Phillips, chairman of the committee, presented changes the committee recommended at the October 6, 1997 Executive meeting of the Reno County Genealogical Society. A motion was made by Ruth Filbert and seconded by Pam Stansel that the changes recommended by the committee be accepted. A discussion of the many factors involved in changing the by-laws as recommended by the committee followed. The motion carried by unanimous vote.

The revisions to the current by-laws were read at the October General Meeting of the Reno County Genealogical Society and will be voted on at November General Meeting.

Section 3. In the event of expenses incurred for special programs, speakers, workshops or projects; a special assessment may be levied or collection taken to cover said expenses.

Article V: Officers and their Election

Section 1. The officers of this organization shall be a president, a vice-president, a recording secretary, a corresponding secretary and a treasurer. The officers shall be elected by ballot at the regular meeting in February; however, if there is but one candidate for any office, by motion from the floor, the election may be by voice. Officers shall serve for a term of one year and shall remain in office until their successors are elected.

Section 2. Nominations for officers shall be made by a nominating committee of at least three members appointed by the executive committee one month prior to the election of officers. The nominating committee shall report at the election meeting the name of at least one candidate for each office to be filled. The consent of each candidate must be obtained before his name is placed in nomination. Additional nominations may be made from the floor provided the consent of each candidate has been obtained before his name is placed in nomination.

Article VI: Duties of Officers

Section 1. The president shall preside at all meetings of the society and of the executive committee; shall be a member ex officio of all committees except the nominating committee; and shall perform all other duties usually pertaining to the office.

Section 2. The vice-president shall act as aide to the president and shall perform the duties of the president in the absence of that officer.

Section 3. The recording secretary shall keep a correct record of all meetings of the society and of the executive committee.

Section 4. All monies of the society shall be received by the treasurer and kept in a bank account. The treasurer shall keep an accurate account of receipts and expenditures of the society; and shall pay out funds only as authorized by the society. A statement of account shall be presented at every meeting of the society

Article VI: (continued)

and at other times when required by the executive committee.

The treasurer's accounts shall be audited annually for the protection of the treasurer. An auditor or an auditing committee shall be appointed by the executive committee at least two weeks before the annual meeting.

Section 5. The corresponding secretary shall conduct the correspondence of the society.

Article VII: Meetings

Section 1. A regular meeting of this society shall be held in the third Monday of each month at 7:00 PM at the public library, unless otherwise provided by the society or by the executive committee. Five days notice shall be given of change of date. Special meetings may be called by the executive committee, five days notice having been given. At the annual meeting in March, reports shall be received and elected officers shall take office on 1 April.

The History of Reno County

The territory now included within the limits of Reno County became part of Marion County by Legislative enactment in 1865. This fact explains why the history of Reno County schools, as told on subsequent pages of this book, begins with the first school established within the present boundaries of Marion County. It seems a far cry from the sod school house in which our first county teacher held school until the present day of splendid schools and school buildings. Borne along in the current, progress seems slow because we do not perceive the rate of movement. It is only when we turn aside for a moment to contrast past with present conditions that we recognize the distance we have traveled or the prodigious changes which have taken place along the way.

Reno County was organized in 1868, and some four years later the first school district was formed. This was district No. 1, and has since become the seat of the Hutchinson City Schools.

Prior to the organization of district No. 1, a school had been opened under the management of Miss Jennie Hodgson, whose portrait appears in the gallery of pioneer teachers as shown in another chapter of this book. For some time, Miss Hodgson's school consisted of one pupil, Olive Miller, now Mrs. Olive Ramsey, of 107 Seventh West. This school was supported by contributions from the parents, and when the school reached its maximum size, Miss Hodgson received \$20.00 per month.

In all, one hundred sixty districts have been organized, though the number has been reduced somewhat by the consolidation of districts to form a central school or by joining districts to adjacent districts. There are eighteen graded schools in the county and one hundred thirty one-teacher schools at the present time. During the school year 1916-1917, the Hutchinson school census was 5,566, the enrollment, 4,269; for the graded schools outside the city, the census was 2,396, the enrollment, 2,073; for the one-teacher schools, the census was 4,312, the enrollment, 2,887. The sum total was a census of 12,274 and an enrollment of 9,229.

The high school facilities now include the Hutchinson High School, the Reno County High School at Nickerson; nine Rural High Schools located, respectively, in the cities of Pretty Prairie, Arlington, Partridge, Langdon, Plevna, Sylvia, Abbyville, Haven, Turon; and District High Schools at South Hutchinson and Buhler. A movement is now under way for the organization of rural high districts in two other localities. A few years ago, high school facilities were confined to Hutchinson and Nickerson, and the total number in attendance less than half the present enrollment. It

is sometimes said that the cities are more favorable to education and particularly high school education than the country. Such a statement does not hold true in Reno County. The city of Hutchinson contains about one-half the population of the county, but the number of young people attending high school from the country is greater, by at least one hundred, than the number in the city.

Subsequent pages of this volume will show with some attempt at detail the past and present conditions in the Reno County schools. The reader will be shown "The Old Trail" in the day of the first settlers, the process of change, the final obliteration of "The Old," and the development and perfection of "The New."

First School House and School in Marion, Reno County

The Territorial Legislature, on the 17th day of February, 1880, created the County of Marion, bounded as follows, to-wit: Commencing at the southeast corner of Township 21, South, Range 5, East of the Sixth Principal Meridian, thence North to the Northeast corner of Township 18, South, Range 5, East, thence North to the Southeast corner of Dickinson County, thence West to the Sixth Principal Meridian, thence South to the Southwest corner of Township 21, South, Range 1, East, thence East to the place of beginning.

In June, 1860, William P. Shreve, George Griffith, William H. Billings, Henry Blanchard and B. F. Frazier settled at and near Marion. William P. Shreve, George Griffith and William H. Billings had their families with them, and made permanent settlements on the land they had selected. B. F. Frazier and Henry Blanchard were single men, but each took a claim.

These were the first tracts of land in Marion County to which the title passed from the Government to actual settler. They were the first actual bona fide settlers in Marion County, and were at that time the only bona fide settlers in that vast expanse of prairie wilderness. West of the East line of said county.

In the spring of 1864, before the county was organized, or a school district established, the settlers in and around Marion met and decided to build a log school house and have a school taught therein. John C. Snow, who then lived about one mile Northeast of town, on the East side of Clear Creek, had logs cut for an addition to his house, but upon request of the other settlers, loaned them the logs with which the school house was built. The school house was built on the East side of Muddy Creek, nearly opposite to where the old Waterworks building now stands; the door was located in the West end of the building, one window in the South and one in the North side. It had no wooden floor, nothing but dirt, was covered with puncheons first and then with dirt, the seats were made of split logs smoothed on the split side with a broadax, with four wooden legs, two in each end, and were without backs and had no desks to hold the pupils' books: these, with a dry goods box for a teacher's desk, were all of the inside furniture.

The patrons of the school agreed to pay the teacher a certain sum for teaching a three months' term, there being no public money to use for that purpose. Miss Rebecca A. Shreve was employed to teach the first term of school: this was the first school taught in Marion County. It had an attendance of fifteen scholars.

In June, 1864, at the time I was teaching school in the log school house which had been completed but a short time, just after school had been taken up, one of the Miller boys came running towards the school house and shouted: "Come home, quick, the Indians are coming." The children screamed and cried, and everything was in an uproar and we lost no time in running to our respective homes, where the men soon had the horses hitched to the wagons and we all started East, going as fast as the horses could travel. We went as far as Widow Shaft's, who lived near Elmdale, in Chase County, where we camped and stayed nearly a

week, but as we saw nothing of the Indians, all the families returned to Marion, but I went to Council Grove, and did not return home till about six months later, so I never finished my term of school, having taught but about nine weeks.

This house was built and the first school taught more than one year before school district No. 1 was organized or established. By an act of the Legislature of February 17th, 1865, the boundary lines of the county were extended from the Northwest corner of the county, on the township line to the West line of the State, thence South to the Southwest corner of the state, thence East on the state line to the Sixth Principal Meridian, thence North on the Meridian line to the Southwest corner of the county, and embraced all of the old county. It was 286 miles long at its longest point, and 112 miles wide at its widest point, and contained 29,088 square miles.

In June, 1865, after the county lines were re-established, Governor Samuel J. Crawford, by proclamation in accordance with the prayer of a petition signed by the citizens of said county, organized the county, and appointed county officers.

After the county was organized, School District No. 1 was established and organized, its boundaries were co-extensive with those of the county, and it became the owner of said log school house, and several terms of school were taught therein, before the new stone school house was built.

The old Santa Fe Road entered the county near its Northeast corner, and passed through it in a Southwesterly direction, intersecting the Arkansas River at or near where Ellinwood, Barton County, is now located. Along said road were scattered numerous trading posts and stage stations, and at each of the trading posts, intoxicating liquors were sold. After the organization of the county, and School District No. 1, all of the property belonging to said ranchmen, was assessed for taxation by the Marion County Assessor.

A liquor license fee was assessed against each ranch keeper who sold intoxicating liquors, by the officers of the county. The taxes on the property and the liquor license fees were collected by the proper officers, and paid into the county treasury, which practice continued until 1868, when by an act of the Legislature, the county was restored to its original size. The county lines in 1865, were extended so as to give the county the right to collect taxes and liquor license fees from those ranchmen, for, without it, they were escaping all taxation. At that time, there was not sufficient property of a taxable nature in the county, to raise sufficient funds to pay the running expenses of the county, and support a school, without enlarging the county and including those ranchmen, as was done.

The territory embraced in said School District No. 1, in 1865, is now divided into thirty-seven counties, containing in 1910, 2,383 school districts, having a school population of 121,011, employing 1,429 teachers, besides having numerous school district and county high schools. It, also, contains a large number of colleges and other educational institutions, and had in 1911, a population of 407,862.

PIONEER TEACHERS RENO COUNTY

Jennie Hodgson
First Teacher in Hutchinson

One of the well-known pioneer teachers of Reno County was Mrs. Charlotte Sample, now past 85 years of age, a resident of Hutchinson. Mrs. Sample was born in West Hartford, Conn., afterwards moving to Ohio. She came to Hutchinson in 1874, the year following the grasshopper raid. Having received a good education in Connecticut, and having become a teacher in Ohio, she turned to teaching in Kansas. Her first school was conducted in a sod school house near Medora, at a salary of \$25.00 per month. School was held six days in the week.

School was a new thing in those days, and children gathered at the sod house seat of learning for miles around. There were few books, no blackboard, and very meager apparatus, indeed.

It is related that Mrs. Sample went from house to house, soliciting small amounts from those able and willing to contribute, in the effort to raise money to buy a dictionary. Finally, the coveted lexicon was obtained, only to be stolen a short time after its purchase by someone who entered the school without leave and carried it away.

Mrs. Sample was a very energetic and successful teacher in her day. Many of her former pupils, now mature men and women of middle life or past that period, live near Medora. These people speak of their old teacher with great respect. The memory of the old school days, though full of hardships, are still dear to them.

MRS. E. H. RICHARDSON

Mrs. Richardson occupies a class by herself in the history of Reno County teachers. No other has taught so many years or in so many kinds of work as she. Hundreds and thousands of pupils, many of them now in mature or middle life, are indebted to Mrs. Richardson for their education and preparation for life. This large and constantly enlarging company of former pupils, mindful of her patience, enthusiasm, and personal interest in their individual welfare are pleased to honor her as a beloved teacher and kindly adviser.

Mrs. Richardson has always given her very best to the work she has undertaken to do. She has taught in the rural schools of the county, in the grades of the city schools, in the high school, served as principal of the high school for some years, and may now be found at her post of duty as an instructor in the Hutchinson High School.

Mrs. Richardson had the advantage of excellent schools in laying the foundations of her education. She was graduated from the high school at Athens, Ohio, in 1856, and in 1860, she finished a four-year course and received her degree from the Springfield Female College. Referring to her work in these institutions, Mrs. Richardson recently declared in answer to an inquiry that she was a graduate of both of them, but that she had learned ten times more in the schools of Reno County than she ever learned in high school or college.

PROFESSOR E. L. PAYNE

Professor E. L. Payne belongs on the list of those who have achieved distinction as well as on the record of pioneer teachers. Coming to Kansas in 1878, he entered the profession of teaching and climbed steadily upward to the top of his profession. He taught in the district schools of Lincoln, South Reno, and Valley townships, also in South Hutchinson and Nickerson. Many of the leading professional and business men of Hutchinson and Reno County were former pupils of Mr. Payne.

Mr. Payne graduated from the Kansas State Normal in 1883, and in 1884 he was elected to the office of County Superintendent. He held this office for four years, during which period the districts assumed something like their present form. He introduced the classification register in 1886, and the following year ten students were graduated. This number has now reached 25⁰ or more each year. Mr. Payne regards the inauguration of this system in Reno County, which led to its acceptance throughout the state as a matter of law, as his greatest achievement.

During his term as superintendent, Mr. Payne was married to Miss Lizzie Cost, of Maryland. The six children of this union are all graduates of the Kansas State Normal. The five daughters hold high positions as teachers, and the one son is in the national army.

Mr. Payne was an instructor in the Department of Mathematics of the Kansas State Normal for over twenty years, twelve of which he was head of the department.

Mr. Payne has long been recognized as one of the best all-round scholars and educators in the state. He holds life certificates which entitle him to teach in half the states of the union, and degrees from several colleges and universities. Since leaving the State Normal, he has taught in Chicago, and in Miami University.

Supt. J. M. Greenwood said, "Mr. Payne has done a great work for the teaching of Mathematics in Kansas." Mr. Payne did his duty, as he saw it, with all his strength.

The County Common School Commencement

Graduating Class of 1917.

The most beautiful and significant interschool event each year is the Common School Commencement, held in the Convention Hall at Hutchinson. Here the graduates are gathered from the entire county, and when seated upon the platform, the picture is a most pleasing and inspiring one, indeed. The event is so popular that a very large audience assembles in honor of the occasion. The class of 1917 contained 240 members. The class of 1918 will be the largest in the history of our schools, numbering in all 290 members.

The diploma issued to common school graduates qualifies the holder to enter the Freshman class of any high school in the state. A notable and worthy feature of our graduating exercises for the past five years has been that the program has begun at two o'clock on each occasion. At precisely two, the members of the class have started upon the platform to take the places arranged for them. It is also a notable fact that very few, often less than ten, have failed to be present and take part in the exercises. The two facts, that of promptness and almost perfect attendance, are evidence of the spirit and discipline of the young people who finish the common schools of good, old Reno County.

William Newton Hamilton
PRETTY PRAIRIE — William
 Newton Hamilton, 75, Pretty Prai-
 rie, died Monday night in
 Grace Hospital. He was born
 June 29, 1887, at Partridge. He
 went into the hardware business
 with his father in 1911, operating
 a hardware store at Partridge
 which his father had started in
 1898. In 1944, he purchased the
 Star Hardware and Implement
 store in Pretty Prairie and moved
 there in 1946. He continued to
 operate both stores until his
 death. *April 1, 1963*

How Beautiful to Be With God

How beautiful to be with God,
 When earth is fading like a dream,
 And from this mis-encircled shore
 We launch upon the unknown stream.

No doubt, no fear, no anxious care,
 But comforted by staff and rod,
 In the faith-brightened hour of Death
 How beautiful to be with God.

Then let it fade, this dream of earth,
 When I have done my life work here,
 Or long, or short, as seemeth best—
 What matters so God's Will appear.

I will not fear to launch my bark,
 Upon the darkly rolling flood,
 'Tis but to pierce the mist—and then
 How beautiful to be with God.

The Rose Still Grows Beyond the Wall
 Near a shady wall a rose once grew,
 Budded and blossomed in God's free light;
 Watered and fed by morning dew,
 Shedding its sweetness day and night.
 As it grew and blossomed fair and tall,
 Slowly rising to loftier height,
 It came to a crevice in the wall
 Through which there shone a beam of light.
 Onward it crept with added strength,
 With never a thought of fear or pride;
 It followed the light through the crevice-length,
 And unfolded itself on the other side.
 The light, the dew, the broadening view,
 Were found the same they were before;
 And it lost itself in beauties new,
 Breathing its fragrance more and more.
 Shall claim of death cause us to grieve,
 And make our courage faint or fall?
 Nay, let us faith and hope receive,—
 The rose still grows beyond the wall.—

LENTZ HEIGHT TALBOTT FISHER WATTS

My great grandmother Sarah Anna LENTZ was born 23 Feb. 1827 in unknown county of Ohio. She died 7 July 1886 in Hutchinson, Reno County, Kansas and was supposedly buried there. She was first married to John FISHER who later died in Allen County, Ohio and then she married my great grandfather Simon Cornelius HEIGHT in Allen County, Ohio. They eventually moved to Poweshiek County, Iowa. Simon died somewhere in Iowa (I've never located his death and burial place). Their daughter Lydia divorced her husband Thomas Kinsey TALBOTT and took their children and moved to Kansas. Her mother Sarah followed her there, and eventually they both died there. Why did they move to Kansas? Did some of Sarah's LENTZ family move there from Ohio? Did some of her first husband's FISHER family live there? Sarah had a daughter Lydia Ann Height TALBOTT who died 20 May 1886 in Kingman, Kingman County, Kansas. This data comes from hand written letters from both Lydia and Sarah, themselves, and then from one of Sarah's sons to other relatives, regarding her death. I have never been able to verify their deaths nor locate their place of burials. If a reader of "The Sunflower" has any HEIGHT or TALBOTT data regarding the death and burial of these two women, it would solve a mystery for me.

BROWN WILLARD BALDWIN WINN

I am trying to locate someone who knows something about or is related to Alpha J. BROWN. Alpha BROWN was born Alpha J. WILLARD, the son of George W. and Carrie (BALDWIN) WILLARD on 11 Nov. 1896, most likely in Reno County, Kansas. He died 19 Sep. 1969, and is buried at Hutchinson, KS. Alpha's mother, Carrie (BALDWIN) WILLARD, either died or was divorced from George W. WILLARD, and Alpha went to live with his aunt, Sarah (Baldwin) BROWN. Alpha took the surname BROWN. What happen to his mother Carrie? Also, Alpha had a brother Frank WILLARD, what happen to him. At the time of his death, Alpha had a son Frank Brown, as well as two step-daughters, Dorothy Withrow and Florence Lueckmeyer, living in Hutchinson. If anyone is interested in these people I would really like to hear from them.

BROWN HOLBROOK GRIFFITH

Looking for relatives of Charles BROWN, born 1859 in New York. Charles and his wife Elizabeth HOLBROOK BROWN was in Hutchinson as early as 1886 and still listed in the Hutchinson City Directory in 1897. They had two daughters, Nina born Jan. 1886 and Nellie born Feb. 1890. Are there any related BROWNS or HOLDBROOK's living in Reno County now?

ATTENTION

RENO COUNTY GENEALOGICAL SOCIETY MEMBERS

A motion to revise the by-laws of the Reno County Genealogical Society was made, seconded and passed by majority vote of the Executive Board at the October meeting (see page 47). The by-law revisions were read at the October General Meeting.

One of the revisions of the by-laws was to change the membership year from the present dating system of April 1 (of the current year) to March 31 (of the following year) to a membership year beginning January 1 to December 31 of each year.

You will find a membership dues renewal form inside this quarterly. Your membership dues will be payable 1 January 1998 and will become delinquent February 1. Please pay your membership dues promptly.
