Editor's Note

Warmer weather is here and that makes me happy. Even better is my son returned home safely from his year-long deployment to Afghanistan. I hope life will return to some sense of normal for us soon as he settles in at Ft. Campbell.

The society needs people to step forward and serve. One critical need is for at least 3 people to step forward to commit to provide material for this quarterly, each issue. Suggestions and assistance is available.

It is my hope that our quarterly will continue to contain quality information on our Reno County roots. I see many quarterlies that are filled with what I call fluff, like poems, etc. There are many resources available at the library and online if you subscribe to Ancestry.com or Newspaperarchive.com.

Please volunteer to research for future quarterlies. And, if you have not shared your Reno County family in the quarterly we welcome that too. Below is a list of ideas waiting to be researched and shared.

- Pioneers & Old Settlers
- Societies & Organizations
- Occupations
- Cities, Towns & Townships
- Schools
- Historical Events: grasshoppers, buffalo, Indian scares, epidemics, etc.
- Veterans
- Churches
- Buildings
- Businesses

Marion William Bailey

In 2010 I was contacted by local historian, Steve Conard, to see if the society had any information on Marion Bailey, an early day Hutchinson photographer. I had seen his name on photos but didn't know any more than that. [Our cover photo was taken by Bailey]. Steve owns about 300 of Bailey's photos and plans to write a book. I agreed to provide research assistance in hopes of locating living descendents and perhaps a photo of the photographer. I began with the census to determine Marion's family. From there I began researching the children. The first attempt came to a stand still so I changed directions and was able to locate a grandson, David Neighbors, living across town. I made contact with him on the phone and Steve and I met with him soon after where we were able to ask more questions and obtain two wonderful family photos. Funny thing about this is Mr. Neighbors knew Steve's dad and Steve went to school with Mr. Neighbor's daughter. Small world! Here in the pages of our quarterly is a good place to record the information I found.

Marion William Bailey was born July 11, 1869 in Richardson County, Nebraska to Thomas and Ann Bailey. By 1870 the Bailey family had relocated to Kansas, first in Doniphan County and later to Finney County.

He married Mary Jane Naylor February 9, 1891. By 1900 they were living in McPherson County with 3 children; Edna, Edith & Mabel. Another child had been born by the 1900 census but no other information is known. In 1901 Gladys Marian was born. She died 5 months later. Edna, Edith & Mabel lived to adulthood and raised a family of their own.

The 1900 to 1915 Federal and State Census record Marion's occupation as a photographer. Later years would record him as a truck driver for the oil fields. It is not known why he changed his occupation.

Marion died March 21, 1944 and was buried by his daughter, Gladys, in the Bean Cemetery in McPherson. Four years later his wife passed away and was laid to rest beside him.

Mary Hill's Autograph Book

I came across this autograph book at a local antique store. The locations of the signatures are local so I thought I'd try to find out more of the owner, Mary Hill and record it in the quarterly. I would love to find a treasure like this for my ancestor.

Mary Hill is a common name so I flipped through the book for clues. I was pleased to find an entry from her brother, S. W. Hill.

Hutchinson, Kans

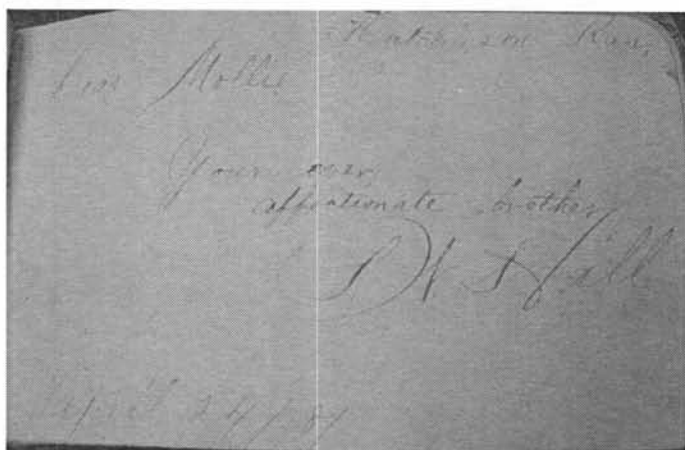

Dear Mollie

Your ever,

affectionate brother,

S. W. Hill

April 24 / 81

A quick look at the 1880 census in Lincoln Township of Reno County provided the following family:

B. F. Swander, 32, OH

Catherine, 41, OH, wife

Jessie C., 7, OH, dau

Daisy, 4, OH, dau

Otto F., 8/12, KS, son

Hill, Samuel, 23, OH, step son

Hill, Mary, 18, OH, step dau

It looks as if Mary and Samuel live with their mother and step-father. I checked the Reno County marriage records and found:

Mary A., 30 to Roberson Bramwell, 26 on 11/16/1887 at the home of B. F. Swander.

So our Mary Hill is the daughter of Catherine, sister of Samuel and wife of Bramwell.

Mary A. Hill married Robinson Bramwell

11/16/1887 at the home of DF Swander in Reno County, Kansas

Children: All buried at Fairview Cemetery – same as parents.

- Helen V.: 1891 – 1891 [in same lot with Mary, Robinson & Warren]*
- Sidney Hill: 1888 - 1976
- Warren Fay: 1892 - 1909 [drowned]
- Leo Vern: 1894 - 1979

*I assume this to be Mary's daughter based on the census question of number of children born and number living and the fact this infant is buried in the same lot with Mary. The cemetery records show Helen as born on 4/3/1891 and died on 6/28/1891. Her death is also recorded as 6/28 in the Reno County Kansas Deaths Index 1890-1911.

Mother: Catherine L. Wright Hill Swander. I found the maiden name Wright in an online tree at Ancestry.com.

Father: ? [one online tree has Sam W. but I would like to verify this].

In the next issue we'll take a closer look at her family and siblings, along with the special pages signed by her mother and future husband. There are a few pages like this one in the book and they are in color.

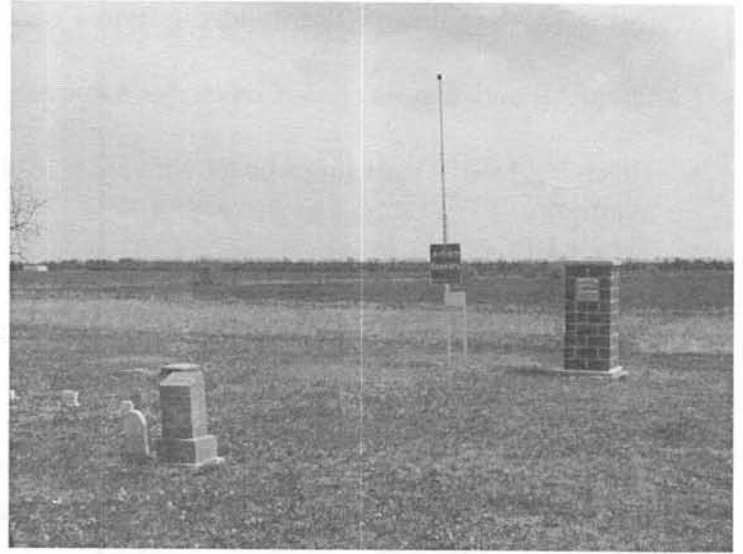

So far I haven't found any living descendents.

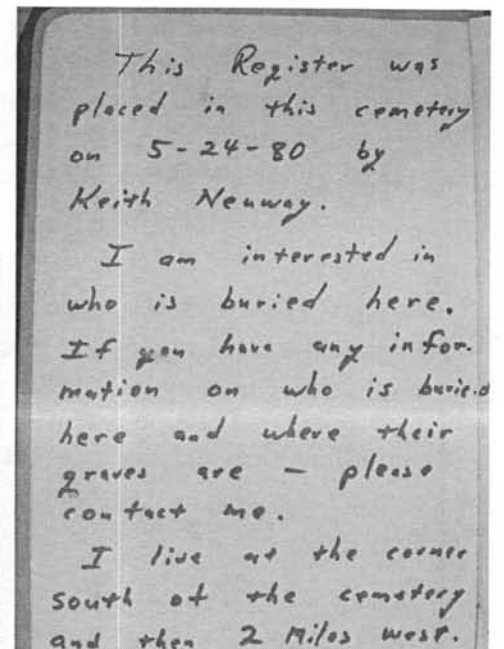

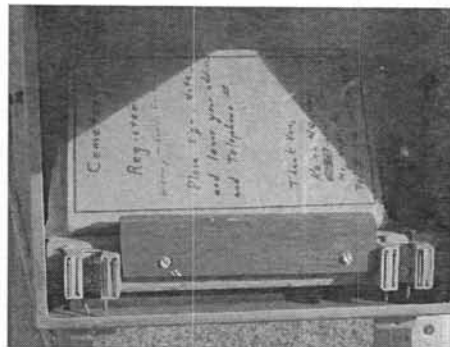

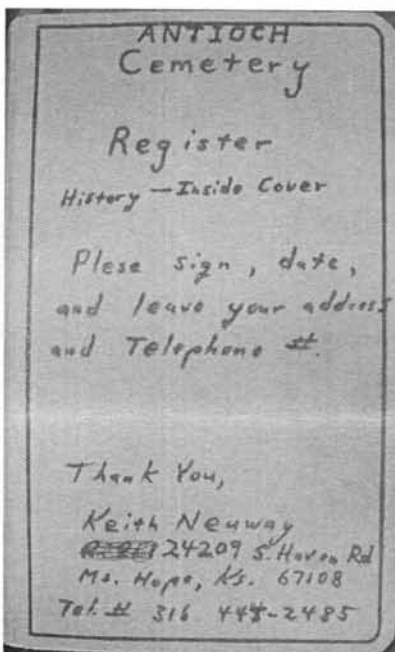

Antioch Cemetery Dedication Memorial

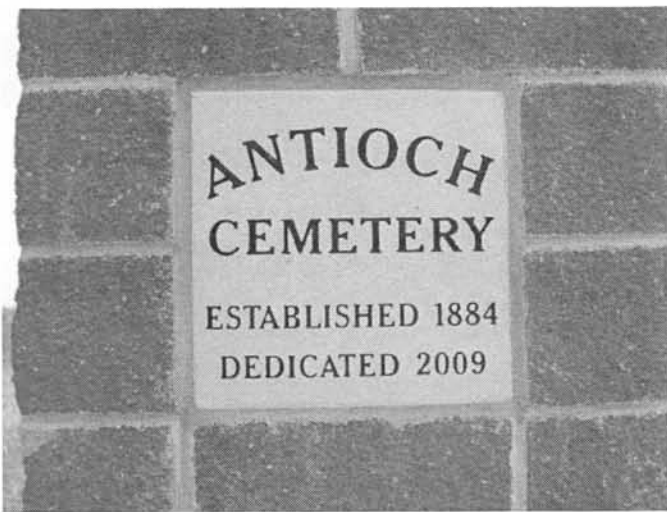

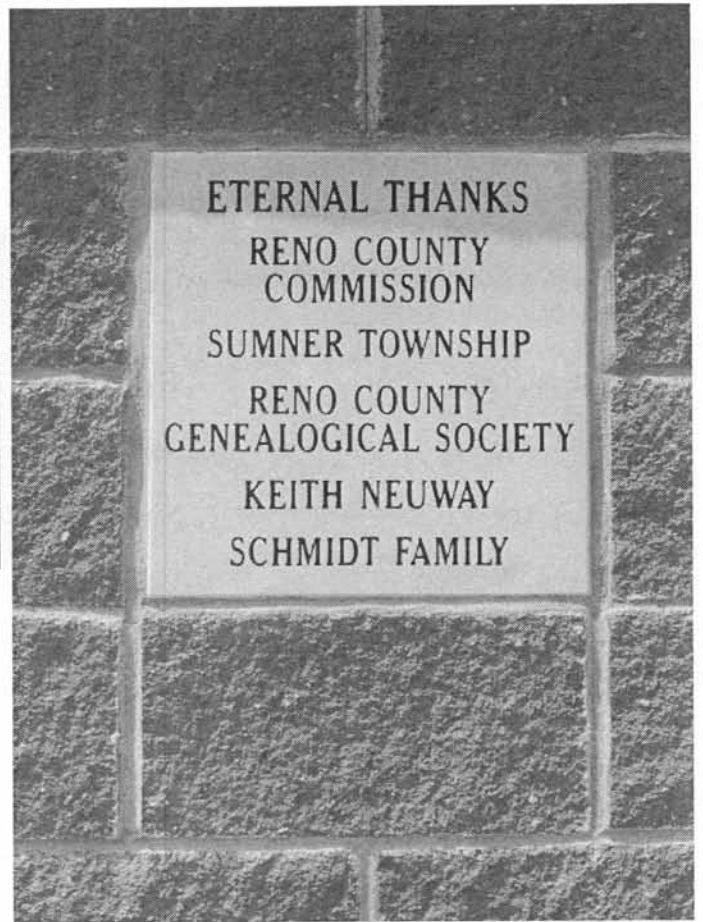

Antioch Cemetery was the first cemetery to receive a name sign as part of our community connections project. The day of the dedication was decided a dedication memorial would be installed. I finally made time to get out to see it. Here is a little history about the cemetery:

For years this was an unkempt cemetery, buried in trash, on the east side of the road, two and a half miles north of St. Joe. No name was known for it. Later it was thought to be the Weise cemetery - based most likely on a land owners name. The condition of the site changed when Keith Neuway started taking care of it in the 1980's. Today you will find a visitor's register in the box attached to the flag pole. It is mowed on a regular basis by the neighbors.

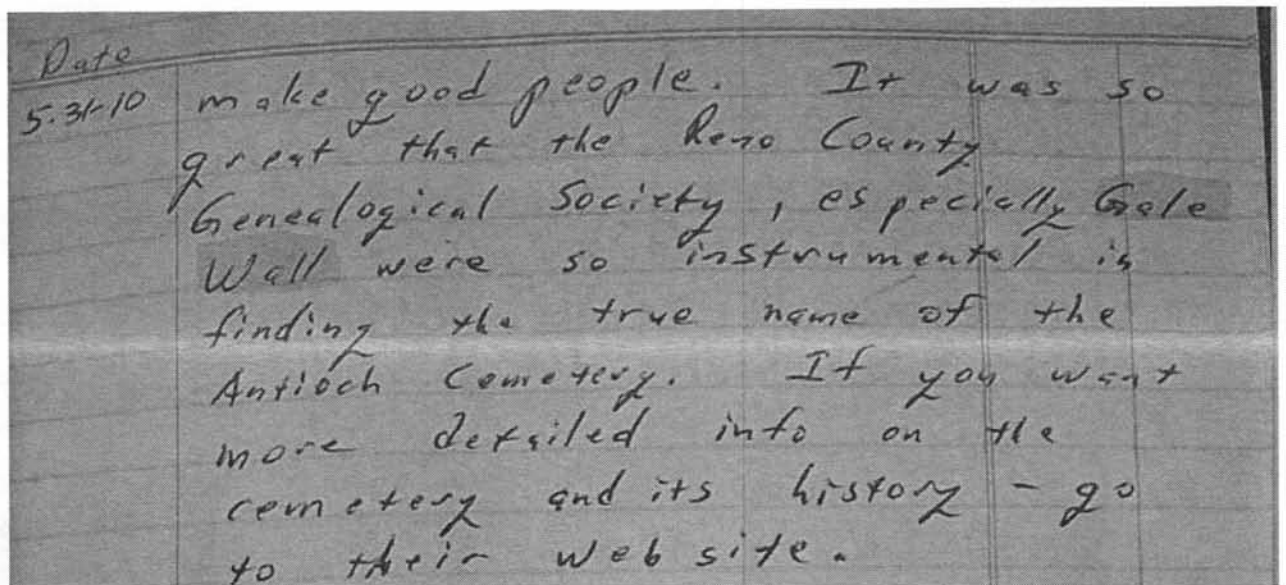

I found an obituary in which it was called Antioch Cemetery. After discussion between Keith and myself we decided it would be dedicated as the Antioch Cemetery and our local genealogical society would provide a sign. A small crowd was present on Friday, August 28, 2009, when the cemetery sign for the Antioch Cemetery was installed. The Hutchinson News carried the story. You can read more about this on the RCGS blog and also about the grant we received from Megan Smolenyak, of Honoring Our Ancestors, to continue with the project of installing signs at the cemeteries without one.

During my recent visit I signed the visitor book and was honored by the words Mr. Neuway recorded:

Remembering Walter

In the Old Langdon Cemetery lies a crumbled tombstone. Thankfully, someone placed a simple metal marker on the grave so that we would know the person resting there.

Usually I will see an interesting or sad headstone and look for an obituary to learn more about the person. This time I came across the obituary and checked to see if we had the death recorded and if I had a photo since this cemetery has been completely photographed. And my answer was yes on both of those questions.

We know his name is Walter from the marker. Perhaps the original stone also had his name on it. This little guy died a horrible death.
